

Cover Sheet for Petition Signature Sheets and Certification

This cover sheet is submitted with the petition signature sheets and certification relating to the zoning matter identified below. The purpose of this cover sheet is to identify the site, case number, action being protested, and the parcels represented in the 100-foot buffer acreage calculation reflected in the accompanying materials.

$10.13/16.84 = .60154$ or 60% - Note calculation may differ depending on city or county defined acreage for 9611 Edith Blvd NE but will still exceed 20% and the 60% calculation.

Case information

Site of Proposed Change: 9600 2nd Street NW, Albuquerque, New Mexico 87114.

Case Number: ZA2026-0034 / ZBA2026-0001.

Action Being Protested: The action being protested is the zoning-related action identified in the official petition and certification materials and merits detailed in the appeal brief for Case No. ZA2026-0034 / ZBA2026-0001 affecting the site at 9600 2nd Street NW, Albuquerque, New Mexico 87114.

Explanation of attached petition materials

The attached county acreage list identifies parcels stated to be within the 100-foot buffer of the site of proposed change. The accompanying petition signature sheets contain signatures associated with certain nearby parcels within 500 feet, and the filing materials are submitted together so the reviewing body may evaluate both signatures and acreage in connection with the applicable protest and appeal standards.

The acreage sheet reflects parcels within the 100-foot buffer, including parcels for which no owner's signature was obtained through contact yet but may be submitted later meeting the deadline.

The petitions sheets also contain signatures from additional people located outside the 100-foot buffer but within 500 feet of the site, and those signatures are included in the filing packet as part of the appeal materials to qualify as Appellants to the case (Appeal Coalition).

100-foot buffer parcel summary

The following parcels are listed in the attached acreage materials as within the 100-foot buffer. Owner names, UPC numbers, and acreage figures are reproduced from the attached county/city comparison sheet. All the signatures, addresses and acreage numbers within 100 feet are on this sheet for reference.

151 Alameda Blvd NW	LUBICAR PROPERTIES II LC	101606426150710303	0.49	0.4918

Petition signatures reflected in attached sheets calculate at over 65% exceeding the 20% requirement.

The attached petition sheets include signatures associated with several parcels that correspond to addresses appearing in the 100-foot buffer materials exceeding the 20% requirement by exceeding to over 60%, including entries for 9611 Edith Blvd NE, 9641 Edith Blvd NE, 9517 Edith Blvd NE, 9612 2nd St NW, 9610 2nd St NW, 9608 2nd St NW Unit C, and 9606 2nd St NW Unit D which easements were removed.

Due to time constraints, some property owners within the 100- and 500-feet buffer have not been contacted yet by the Coalition and may be unaware of the situation as of date. Either way, the over 60% exceeds significantly the 20% rule.

This cover sheet is intended to assist public review of the filing packet by organizing the site information, case number, and parcel information presented in the accompanying petition and acreage documents.
