Subject: RE: Formal Inquiry: Unaddressed Continuance Motions and Next Steps Following July 1 Vote

Greetings Mr. Hauser,

You're welcome to call me to discuss these questions.

Best,

Nick

Nicholas Hamm

Director

Bernalillo County

Subject: FW: Formal Inquiry: Unaddressed Continuance Motions and Next Steps Following July 1 Vote

Mr. Hamm, for clarification this is what I remember at our call today at or about 1:30.

Mr. Hamm said: "Details would be added by end of day for the record". 7/7/2026 "Everything shown at the meeting by the ZA will be uploaded" Board does not have to acknowledge my continuance request for the 60 or 120 deferral/continuance request regarding the traffic study since they are the deliberating body and did not elect to review them.

Mr. Hamm: Said "I am not an attorney" "Land use Expert" voted on this advice.

Mr. Hamm: Said "Board denied the appeal and modified the conditions".

Mr. Hamm: Said "Decision letters going out today 7.7.2026 dead line for appeal and submission is 7/22/2026 at noon.

Mr. Hamm: Said "County legal said they "County" can not do the mapping for us. Easy to use map service and buffer tool. Can not create tools for either applicant or appellant. Mr. Mr. Hamm: Said : "How to videos to utilize the service".

Sorry overlooked one critical question: "Is case ZBA2026-0001 / ZA2026-0024 scheduled to appear at the August 5, 2026. CPC meeting, or does the July 1 vote conclude the matter at the Board of Adjustment Level? Mr. Hamm said: "County Commission could remand the decision back to the Board of Adjustment".

Thanks in advance for a quick review of our discussion.

Regards:

Pat Hauser
